

Fall Protection

A lightweight, tangle-reducing lanyard for tools up to 2.2 kg (5 lbs).

3M™ DBI-SALA® 2.2 kg (5 lbs) Retractable Tool Lanyard - #1500156

Help keep tools up to 2.2 kg (5 lbs). securely tethered the simple way. The 3M™ DBI-SALA® 2.2 kg (5 lbs) Retractable Tool Lanyard features a lightweight, compact housing and a strong Dyneema® retracting line. This design helps reduce tangling—minimising worksite tripping hazards and entanglements—while reducing weight on workers' belts and harnesses.

- **Secure tools up to 2.2 kg (5 lbs)**
Strong Dyneema® retracting line is the same material used in a variety of personal Fall Protection products.
- **Minimize tangling and tripping hazards**
Line stays comfortably taut while reaching and retracts when not in use, or it can be locked at desired length.
- **Reduce line twisting**
Swivel top housing connection point rotates with worker's motion.
- **Lighten the load**
Compact, lightweight profile adds less than half a pound to worker's gear load at just 0.16 kg (0.36 lbs).
- **Helps prevent accidental disconnections or carabiner rollout**
Dual-action self-locking carabiners on each end of the device.
- **Work freely**
Working length of retractor line helps extend a worker's reach up to 1270 mm (50 inches).
- **Harness Adapter - #1500161**
Add an attachment point for the Retractable Tool Lanyard to your harness webbing.
