

KARI 15 transport bag, 15L, WLL 7kg

B15

Durable equipment bag with multiple strap options, roll top closure and WLL for lifting.

PVC kit bag with 15L capacity and roll top closure.

Doubles up as a tool bag/work bag which can be attached to the harness directly or via the belt or shoulder strap.

Rolling the top of the bag down by 1 turn holds it open to allow easy access when working.
