

Designed for much heavier industrial use than most forklift magnet sweepers, the Easy Clean magnetic sweeper comes supplied to a robust and durable design with the added advantage of having its own easy-clean feature

Ideal for scrap yards or similar sites, the Easy Clean sweeper is capable of picking up large ferrous pieces of tramp metal, which can then be easily deposited into the waste skip through use of the quick release handle

Model Ref	Width (mm)	Depth (mm)	Height (mm)	Pick Up Height (mm)	Max Fork Width (mm)	Max Fork Thickness
FMM-1200-HD	1200	300	200	150	180	70
FMM-1500-HD	1500	300	200	150	180	70
FMM-1800-HD	1800	300	200	150	180	70

Features & Benefits

- Strong magnetism suitable for picking up metal debris approx 6" from the ground
- Easy Clean quick release handle removes debris from magnet with minimal effort
- Large 300mm wide corrosion resistant magnetic surface
- Robust heavy duty industrial design providing long service life properties
- 'T' screw retention to forklift forks ensures magnet is safely retained to the lift truck
- 'CE' marked and supplied with Certificate for Conformity to meet health & safety regulations

Please Note :

This magnet can effect Pacemakers, Credit Cards, Watches and other electrical devices.
Minimum safe distance = 1m
