

Yale Handy

Brand:
Product Code: Yale Handy
Availability: 2 - 3 Days

Description

With link chain

Capacity 250 kg and 500kg

This nifty little hoist is the smallest, lightest Yale ratchet lever hoist.

Fits into your toolbox.

Use it in confined spaces or where loads need to be lifted or pulled with little effort.

The design prevents dirt from getting into the internal working parts.

The short hand lever makes the hoist easy to operate and is zinc plated for corrosion protection.

The free chaining device lets you quickly take up the slack before lifting or pulling.

All "Handy" lever hoists are dynamically tested with overload. They are supplied with test certificates that enable you to comply with legal requirements and safety.

For further information or enquiries, please contact us and we will get right back to you.
