

Product ID:
RTLA1

Product Name:

Shock Pack Tool Lanyard with Choke Loop

The RTLA1 is a shock pack tool lanyard with a choke loop for tool attachment. It is suitable for tools up to 5kg in weight.

Our shock absorber range of lanyards is the pinnacle of our range of tool lanyards, offering unrivalled fall protection built in.

If a user drops a heavy tool while working at height, there is a very real danger that they could be pulled off a ladder or platform by the falling tool. Our shock absorber is specifically designed to reduce that risk.
