

Rescue Harness

With Retrofit Yoke

GSE1303B

This Globestock rescue harness comes with three attachment points: 3 bar slide and rectangular linkage, on the leg and chest, and features an overhead rescue strap. Alloy rings are incorporated to interconnect the shoulder and chest straps. Adjustable length shoulder straps with a 3 bar buckle ensure the chest strap is positioned over the sternum comfortably and correctly. This harness comes with a standard retrofit shoulder yoke, which provides additional support and comfort for the user.

Material Specification

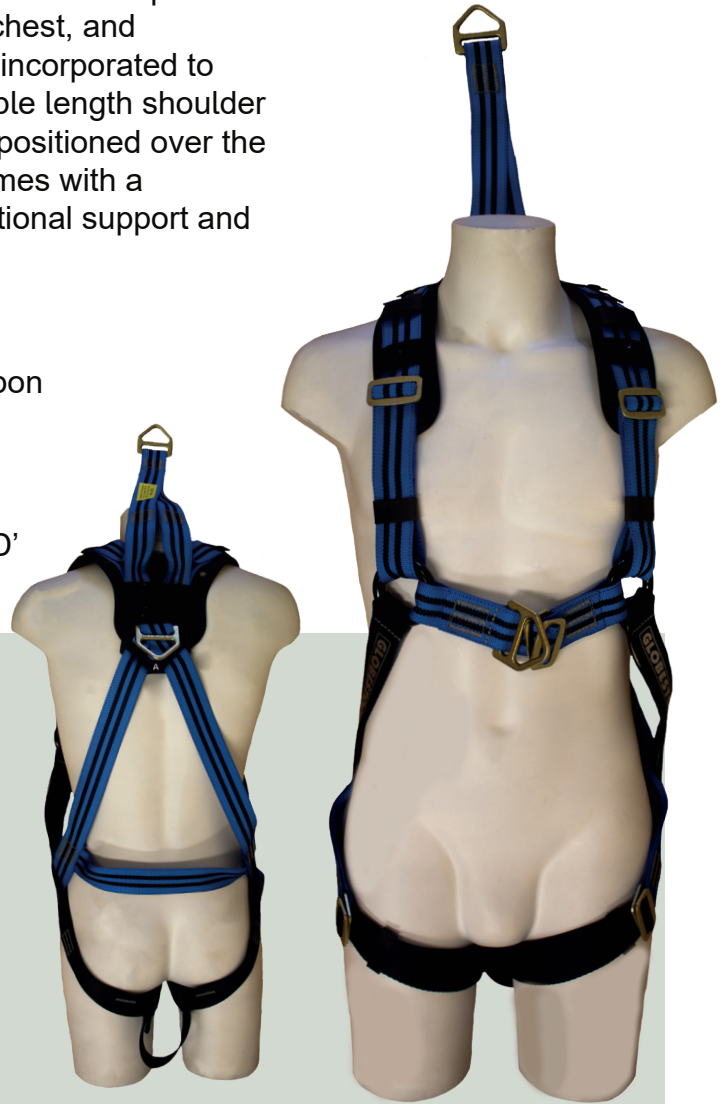

Polyester webbing with heat treated zinc plated carbon steel fittings and anodized black alloy rings.

Attachment Points

Overhead 'D' ring, rear fall arrest 'D' ring and front 'D' ring attachment points.
