

Our 'top of the range' Ultimate platform offers the ideal solution to your needs when elevation is needed during non-routine, emergency tasks such as building maintenance, high level racking inspection, light bulb changing etc.

The Ultimate platform comes supplied as standard with the following ;

- Castors
- Tool Tray
- Auto locking/unlocking to forklift forks
- Strip light bulb holder
- Safety harness
- Clip board

Model Ref	No of People	Method of Entry	Weight (kg)
<b>WP-ULTIMATE</b>	2	Side gate	150

## Features & Benefits

- Self closing, automatic locking safety side gate for easy access
- Security locking system to fork heels ensure the work platform is safely secured to the lift truck
- Full length fork pockets to provide complete platform stability
- Harness anchorage points and in-board handhold points for operator safety
- Perforated back mesh ensures a barrier between the operator and hazardous areas of the lift truck
- Anti slip floor tread with drain holes to avoid accumulation of water and risk of slipping
- Kick rail to all sides prohibits items left on the floor of the platform from falling out
- Complies with Guidance Note PM28 (Fourth edition)
