

Edge Protection is a last resort, preferred option is to rig ropes away from an edge

EDGE - Rope passes over at an angle

Sharp Edge

e.g. Steelwork or concrete beam

Cascade (MR75)

Grating

Metal or composite grating

Gratemate:
Standard (MR60), Quick Fit (MR60Q)

Abrasive, Blunt Edge

e.g. Parapet wall, windowsill

Square Canvas (RPS)

MID ROPE - Rope only touches edge

Sharp Edge

e.g. Cable tray

Sentinel Chainmail (MR705)

Grating

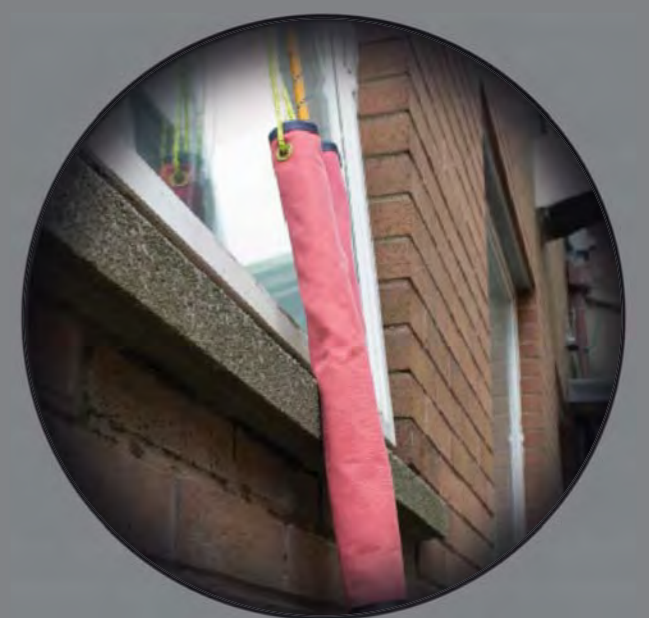

Metal or composite grating

Gratemate:
Standard (MR60), Quick Fit (MR60Q)

Abrasive, Blunt Edge

e.g. Windowsill

Mantle Canvas (RP05)

Painted Sharp Edge & Surfaces

e.g. Steelwork

Sentinel Chainmail (MR705) with cover:
Black (MR705P), Clear (MR705C)

Using Tools

e.g. Knife, grinder

Sentinel Chainmail (MR705)

ROPE PROTECTION
